## About This Game

★Retro battle Arcade 2D in pixel art style.★  
★Chaos and Fun!★

★An interesting combat system:

You have to gain and maintain your Combo Points. Heroes gain more and more powerful attack skills, to improve your efficiency and enemy elimination style. Combo Points level also improves your score bonus at the end of a level.

★Travel to fabled world of 8-bit and 16-bit era in search of adventure. You will take a role of one of the Star Hunters. The Stars in this world are valuable treasures, but don't forget that you are not the only hunter here, other hunters are not slumbering.

★This combat arcade will help you to return memoires of classical retro games with numerous adventures.

You will meet many different enemies and dangerous bosses; beautiful pixel art, good music and sound effects.

★Big choice of Heroes, each with their own unique weapons and abilities. The faster you kill the enemies the higher is your Combo Level the more powerful abilities will be at your disposal.

★Global Hall of Fame with highscore table. Compete against players from all over the world, beat everyone and become a champion!

### ★FEATURES:
